KALTA IS ONE OF THE PLANNERS FOR THE ATTACK ON NZPRT PATROL, KARIMAK 3 AUGUST 2010

Further information passed to NZPRT KT5 today from an unknown local SOURCE. About 20 days ago an INDIVIDUAL who brings caches from BAGHLAN to BAMYAN border, threatened one of their two BAMYAN cache mules SOURCE and PSR(Sen)1. SOURCE is from BAJGA village.

The INDIVIDUAL threatened SOURCE, stating they wanted the money they were owed from caches and wanted to cease contact. The INDIVIDUAL stated they had been threatened by OTHER NAMED INDIVIDUAL who had told them they would kill them and their family if they continued to sell weapons to NZPRT for destruction. The OTHER NAMED INDIVIDUAL told the INDIVIDUAL they had done this before in KANDHAR, killing whole families. The INDIVIDUAL told SOURCE they would do the same to them (kill SOURCE and their family) before OTHER NAMED INDIVIDUAL had the opportunity to kill them. Several days later OTHER NAMED INDIVIDUAL came and threatened PSR(Sen)1 directly. Asked why they did not report this to ANP, the SOURCE stated they did not trust the ANP. NZPRT KT5 said the SOURCE was 'scared shitless' and repeatedly asked for advice on how to protect their family.

NZPRT KT5 also mentioned the local talking about INS coming in to FEROSAK and CHUKRIDARA, staying at PSR(Sen)1 house as a safe house.

NZPRT KT5 also spoke with a SECOND SOURCE today. SECOND SOURCE had spent the day on the ground questioning local villagers. Villagers stated they saw 20 pers in the area prior to the contact (exactly when is unknown), 12 of whom were from PAKISTAN and ARAB fighters. The attack was approved by PSR(Sen)1 an old TB regime member who lived in KABUL (current loc unknown). His sub commanders in the area are PSR(Sen)1 and ANOTHER NAMED INDIVIDUAL (same as above). The local planners for the attack are KALTA, NEMATULLH and MIRAJ. All locals spoken to said they saw no one tampering with the road. SECOND SOURCE reports that the area between M1 and KALIGE used to be supportive of the TB in the old days and residual TB sentiment may exist, including sleeper cells. SECOND SOURCE also stated that LN are uptight after the attack (NFI). SECOND SOURCE added that he was worried about the following election sites:

PA'IN BAGH (PSR(Sen)1 recently reported talking anti-CF propaganda in this area).

KALTA IS ONE OF THE PLANNERS FOR THE ATTACK ON NZPRT PATROL, KARIMAK 3 AUGUST 2010 - Continued

NZPRT KT5 is concerned about SECOND SOURCE. They spoke to NZPRT KT5 previously about a mole working for the TB. NZPRT KT5 believes SECOND SOURCE may have been down in BAMYAN turning this mole over to the ANP. NZPRT KT5 states that SECOND SOURCE failed to answer this question when asked directly five times.

SNO meet with THIRD SOURCE this avo (afternoon). They gave a list of pers NZPRT should be worried about:

KALTA from TIRGIRAN (ISMAIL heard a report of KALATA seen with 14 pers IVO contact site)

Malawi NEMATULLAH

PSR(Sen)1

Qari MUSA

PSR(Sen)1

THIRD SOURCE also has a contact who knows MUSA's house but 'American CIA type men scared off the contact.' It may be possible for THIRD SOURCE to get them back on side. THIRD SOURCE said a per from TIRGIRAN could locate the INS houses but it would take some time for him to find someone he trusts in TIRGIRAN as it is full of TB. PSR(S)1

Lastly SOURCE spoke to K5 SUNRAY again this avo said they wants a meeting with SNO and that KALTA, PSR(Sen)1 and NEMATULLAH are involved. KALTA and PSR(Sen)1 led the attack and withdrew south to TIRGIRAN to ABDULLAHS house.

<u>ABDULLAH (ABDUL KALTA) QARI MUSA IS APART OF A GROUP CURRENTLY OPERATING IN TWB.</u> (S//REL TO ISAF, NATO) SOURCE raised a number of points were discussed with respect to security. They included: there is only a small group of INS currently operating in Talawa Bar Fak and that they lack the popular support of the people. SOURCE mentioned as INS leaders PSR(Sen)1, ABDULLAH, PSR(Sen)1, MUSA AND NEMATULLEH. MUSA is not really influential and that he is really of interest to the government and CF while NEMATULLAH was described as 'young and emotional'. PSR(Sen)1 has established a centre in the village of DAHAN-E MARQ. They have been provided with funding from the TB and the Islamic Party, and is attracting a small number of followers due to their ability to pay them. the majority of people however have warned the INS to stop disrupting security in the district. SOURCE is currently talking with both PSR(Sen)1 and ABDULLAH about the possibility of the two of them surrendering themselves and joining the government. SOURCE commented that the two of them are 'over-demanding' and that it will be hard to get them to surrender. A number of non-influential people with the Taliban are interested to meet with the PRT and that they are prepared to organise a meeting with the PRT and these people. Guaranteed that the people of Khamard do not support the TB however there is a possibility that there are some TB supporters from Talawa Bar Fak who now live in Khamard. there is no real TB influence in Khamard. The TB were responsible for the placement of an IED in KALIGE 12 months ago targeting the DSG, the IED in the GHANDAK at the time of the PSR(Sen)1 arrest and the NOV '09 and APR '10 attacks against the PRT.
