

29 August 2010

The following is a basic overview of  
what happened on:

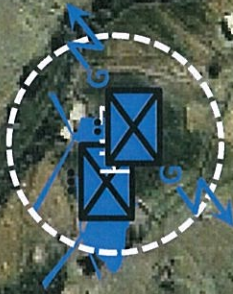

## Obj **BURNHAM**

There is likely to be detail issues  
however it is designed to be  
representative rather than an in-depth  
study of the action.

Remember this is classified ~~SECRET~~, this  
story has not broken in NZ and cannot  
be talked about outside of this TF.

Chalk 1 comprised of the assault group and HLZ security det, and HLZ security det, lands at the HLZ at approx 220030

The target location was the village of TIRGIRAN a small village in the TALAWE BARFEK District of BAGLAN Province. It is assessed that INS left A1 and 3 when they heard the choppers

A1  
A2

A3

The assault group started to move towards A1.

AH-64 engage INS in the tree line between the assault force and the HLZ security det.

The overwatch/Command group was dropped off to the south of their intended location

The overwatch group moves north to achieve an overwatch position.

As the assault force  
move up on A1  
Chalk 2 lands at HLZ

AH-64 and AC-130  
continue to engage the  
INS in the tree line.

As the assault group  
commences the clearance  
of A1 PSR00011, PSR01C is injured after a  
wall collapses on him as  
the team gain entry

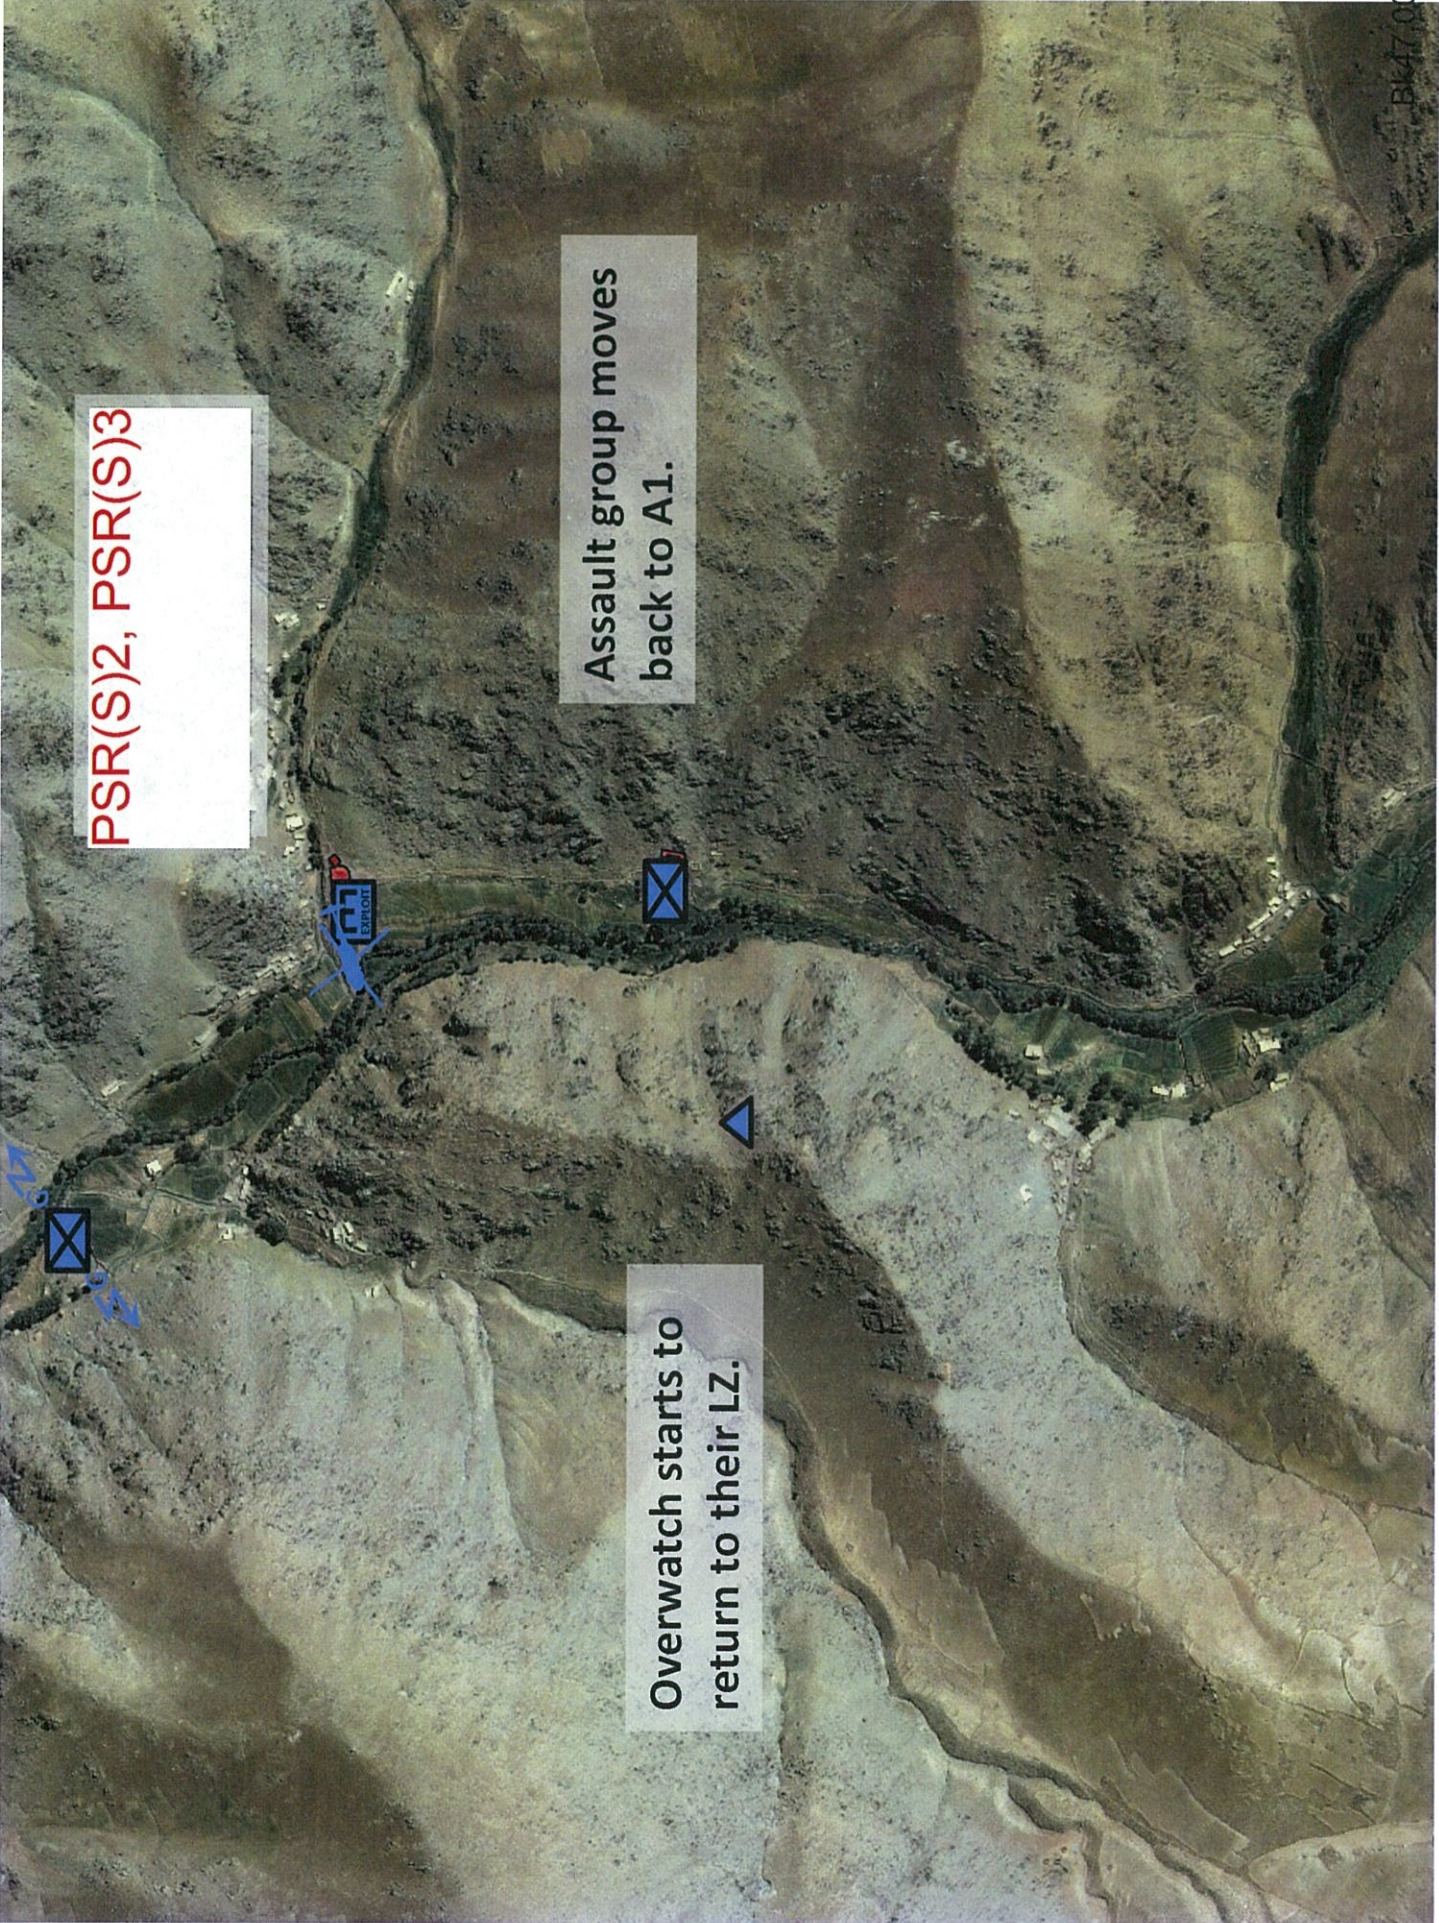

As the assault force finish  
their clearance of A1 and  
A2 exploit is called  
forward, assault then push  
on to clear A3.

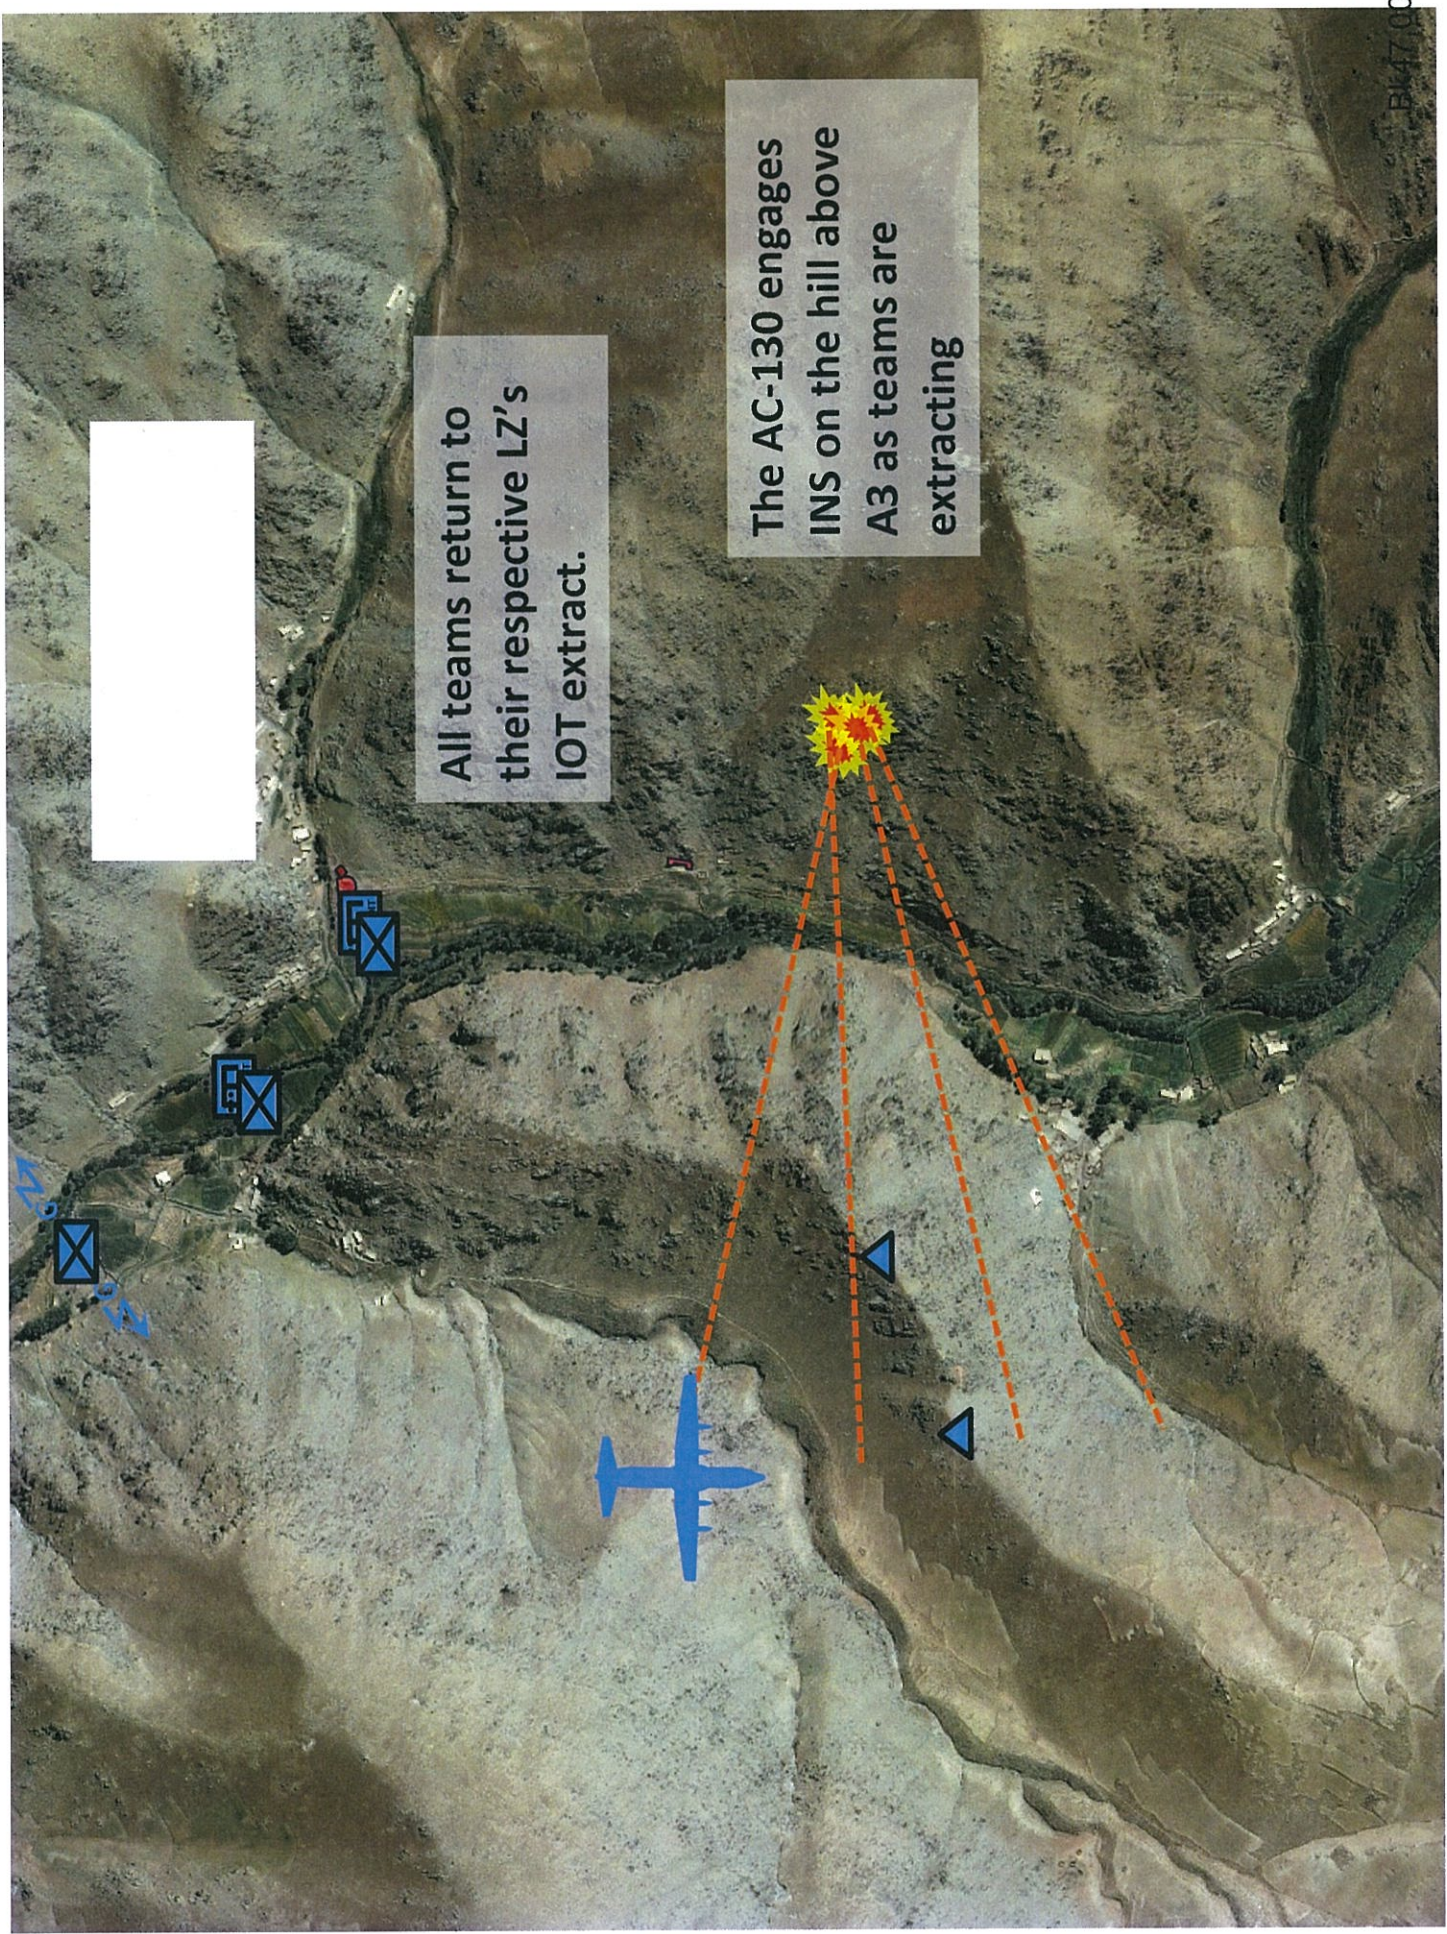

PSR(S)2, PSR(S)3

Assault group moves back to A1.

Overwatch starts to return to their LZ.

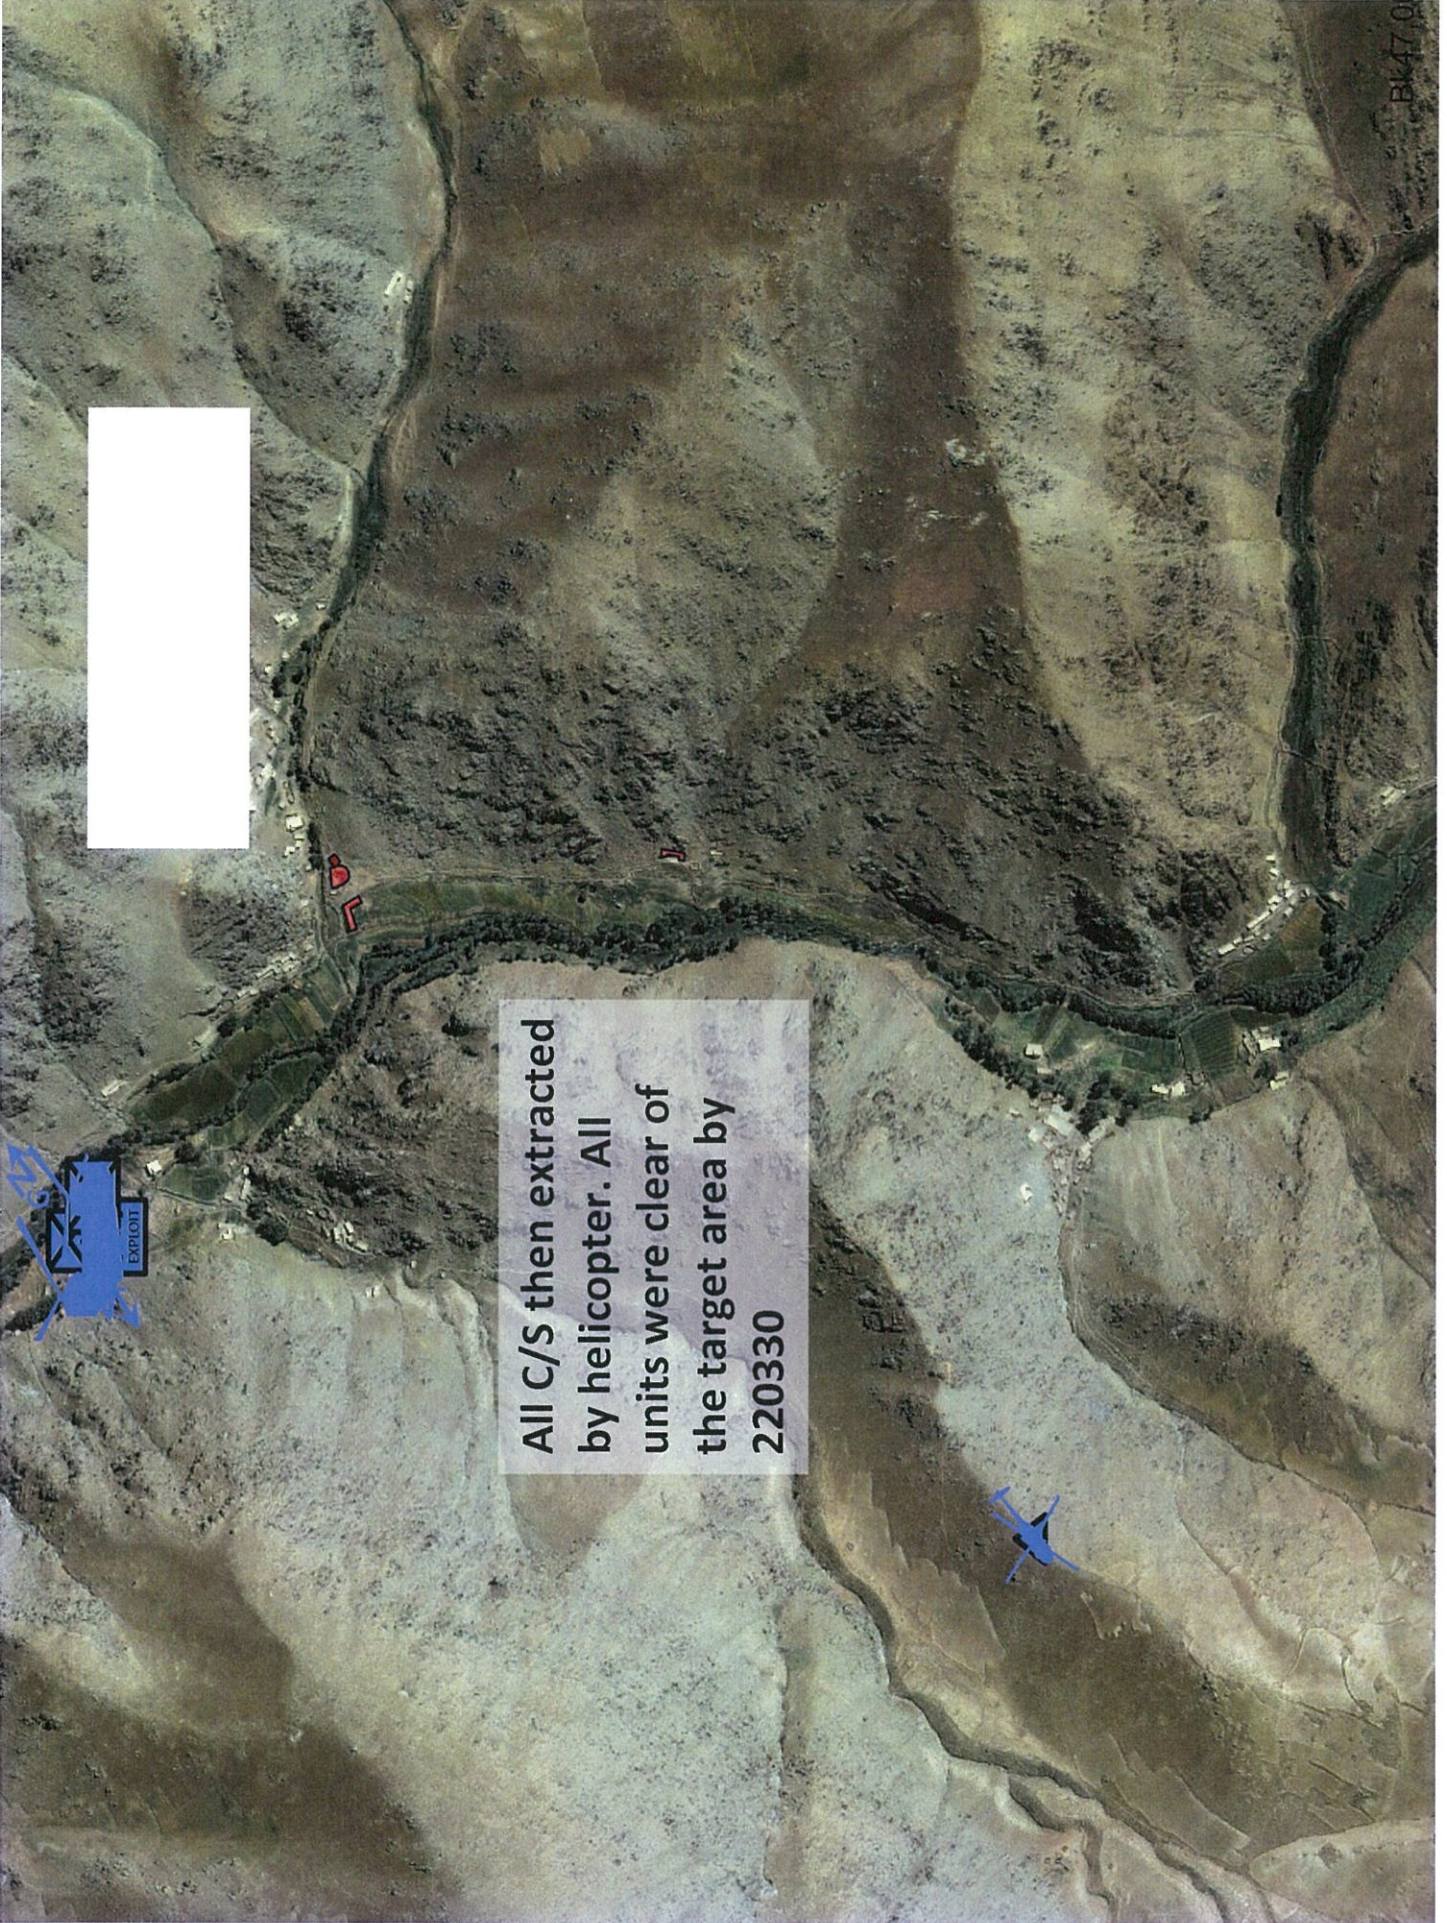

[Redacted]

All teams return to their respective LZ's IOT extract.

The AC-130 engages INS on the hill above A3 as teams are extracting

All C/S then extracted  
by helicopter. All  
units were clear of  
the target area by  
220330
